News from:

dashboardMD Partners with Henry Schein's MicroMD to Provide Integrated Healthcare Analytics and Turnkey Business Intelligence Reporting

Miami, FL, June 3, 2013 - dashboardMD, a leading provider of business intelligence reporting solutions for healthcare, is further expanding its healthcare dashboards and intelligent reporting solutions through a strategic partnership with Henry Schein MicroMD®, a provider of proven and cost-effective practice management (PM) and electronic medical records (EMR) systems.

MicroMD PM is a full-featured practice management system that offers advanced scheduling, patient registration, billing, claims management reporting and more. With dashboardMD's turnkey performance management model, users of MicroMD will gain insightful and actionable intelligence while saving a lot of time by eliminating manual administrative reporting. In addition, users can look forward to quickly addressing more advanced one-off report requests with the powerful ad hoc tools.

"We were pleased that dashboardMD was able to make its solution available to MicroMD clients," remarked Don Quackenbush, Director of Product Management for Henry Schein MicroMD. " dashboardMD adds value to MicroMD by complementing our existing reporting by offering advanced reporting concepts, KPIs and insightful views into the data."

The simple and easy-to-use reporting environment of dashboardMD does not require practices and providers utilizing MicroMD to have programming knowledge. Due to its intuitive design, it provides information at users' fingertips in a graphical, dashboard view, which allows them to even better analyze the performance of their practice.

According to Jose Valero, President and CEO of dashboardMD, "dashboardMD is a perfect complement to MicroMD's excellent reporting capabilities and fits nicely as an additional administrative reporting layer. With our seamless integration, MicroMD customers can now quickly and easily utilize the business performance management and analytics to implement new strategies, evaluate their effectiveness with benchmarking and promote best practices."

About MicroMD

The Henry Schein MicroMD brand of practice solutions encompasses simple yet powerful electronic medical records and practice management software that help facilitate the delivery of superior patient care; automate incentive and quality reporting activities; and streamline operations for today's busy providers. Full-featured, time-tested and budget-friendly, the MicroMD CCHIT-certified, award-winning software helps small practices, large medical groups, community health centers and billing services accelerate progress towards a paperless environment and health information exchange with minimal disruption and stress. High client retention rates attest to its market-leading presence and client-centric focus. Visit us at www.micromd.com or call 1-800-624-8832.
